TOMORROW LAST DAY FOR MEN OF DRAFT AGE TO VOLUNTEER FOR WAR

If you are of draft age, make up your mind tonight whether you prefer volunteering to defend Old Glory to being drafted into the army. Tomorrow is your last chance.

J. W. Lawrence, the recruiting officer, who left yesterday morning with nine Tonopah volunteers, will be back here tomorrow to enroll

volunteers, a considerable number of which are expected. All those who enlist tomorrow will be sent down to San Francisco on the 13th. Lawrence telegraphed today to Postmaster McQuillan that he would arrive here tomorrow.

G. W. RIGGS TO LEAVE FOR TRAINING CAMP

G. W. Riggs, for fifteen months safety engineer for the Tonopah Mine Operators' association, will leave tomorrow for Camp Meade, Maryland, where he will join the Twenty-Seventh Engineers. Riggs wrote to the United States director of the bureau of mines, explaining his technical experience and asking for advice as to where he could best serve his country. His letter was turned over to the commanding officer of the engineers. Riggs will join a contingent that will engage in perhaps the most dangerous work of the war. This is the special mining regiment, which consists of six companies of 250 men each and is made up of picked men from the various mining sections of the country. The work to be done is purely military in character and what is known as "front line work." It consists of the preparation of underground shelter for the fighting troops and the placing of explosive mines. The work requires a high degree of skill in rapid tunneling and construction.

Riggs today said his fifteen months in Tonopah have been the best fifteen months of his life, and expressed his appreciation of the ready co-operation he has been given in his work by the heads of mining companies in this section of the state.

FOUR CARLOADS OF COAL ARRIVE THIS MORNING

Four carloads of coal arrived in Tonopah today. Two of them were consigned to the Wittenburg Warehouse company, one to the National Ice and the fourth to the Miller Mercantile company.

RATE ON FARM LOANS.

(By Associated Press.) WASHINGTON, Dec. 11.—The general upward movement of interest rates was recognized yesterday by the federal farm loan board by raising the rate on government loans to farmers from 5 to 5½ per cent in anticipation of a later increase in the present 4½ per cent rate on farm loan bonds. Decision probably will be reached today whether to raise the bond interest rate at this time, or to reduce the selling price which heretofore has been at a premium of 1 to 8 per cent.

In spite of the decision reached by the farm loan board, Secretary McAdoo said he hoped future issues of Liberty Bonds would bear 4 per cent, the same as the second Liberty Loan.

EMBARGO AT HALIFAX.

(By Associated Press.) HALIFAX, Dec. 11.—An embargo against the admission to this city of persons not connected with relief or construction work was issued last night. Military guards were instructed to stop passengers at Truro.

(By Associated Press.) WASHINGTON, Dec. 11.—Regular army recruiting for Saturday and Sunday reached a total of 4,596, the highest mark set since April 1.

California, Illinois, Iowa, Montana, Nebraska, New York, Ohio and Pennsylvania all passed the 200 mark for the two days. Montana leading with 291 men accepted. The total war volunteer enrollment is now 287,201.

(By Associated Press.) WASHINGTON, Dec. 11.—The federal board of mediation and conciliation has settled the difficulties that threatened a strike of 23,000 telegraphers of the Baltimore & Ohio railroad and a tie-up of traffic on one of the country's most important railroads and coal carriers.

JOHN BOTTOMLY IS PNEUMONIA VICTIM

John Calvin Bottomly died this morning at the county hospital, where he was a private patient. He was brought to the hospital Sunday from Manhattan suffering with pneumonia.

Bottomly, who was 56 years old, came to Tonopah in 1905. Recently he was engaged in teaming at Manhattan. During his years in Nevada he made many friends and his death is a distinct loss to the community. He is survived by three sons: Ralph, now in a United States army training camp at El Paso, Tex.; Muri, stationed at the Presidio in San Francisco, and Charles, who is in Tonopah; two daughters, Misses Hazel and Dorothy Bottomly, and his wife, the latter three living in Italy, Ill.

The funeral will be held tomorrow afternoon at 2 o'clock from the undertaking parlors and interment will be in the local cemetery.

ROBERT DONOVAN MUST RE-INLIST IN ARMY

After serving over three months in the marine corps, Robert Donovan, formerly a student at the university, was discharged last week, in order that he might report to the Tonopah local board for service in the draft army, says the Reno Gazette.

He came to Reno Friday to take the physical examination for admission to the third officers' training camp and expects to be given an opportunity to take this course if he is successful in the tests.

He appealed for admission to the marines on July 27, but before his final enlistment papers were signed on August 1 he had been called by the local board of Tonopah and his case has been under consideration since that time.

PITTMAN ASKS PRIORITY BOARD TO DENY RUMOR

Urging that the priority board make a public denial of an intention to establish an embargo on gold ores, or other embargoes which would cripple the gold mining industries, Senator Key Pittman has wired the Reno Commercial club sending a copy of a communication to Mr. Lovett, commissioner of the priority board. He says the government is trying to stimulate the production and use of silver as well as gold.

The communication reads: "Rumor of impending action by your board relative to the denial of transportation to and from the gold and silver mines of my state (Nevada) and other western states is bringing about business chaos in such sections, arousing a storm of protests. I have already taken the liberty of wiring the Nevada Mine Operators' association of my state and other public bodies that such action would be too absurd to contemplate for a moment. I have called to their attention the fact that the treasury department is at the very present moment actively developing a plan to stimulate and increase the production and use of silver as well as gold.

"I have reminded them that the present annual demand for silver throughout the world is twice the annual production. I have called to their attention the fact that Japan, China and India are willing to accept silver in settlement of the trade balances against us and that the government is now attempting to arrange a plan by which this demand can be immediately met and the safety of the transaction assured by the continued and increased production of silver. I have of my own volition stated to all these protestants that the demand for gold as well as silver is already acute throughout the world and that such demand is rapidly increasing. I have assured them that our government is fully aware of the necessity of stimulating to the utmost the production of both gold and silver and that nothing will be permitted that will interfere with this policy. I had thought that such declarations and assurances would be sufficient, but I have been mistaken. Our citizens throughout the West engaged in these industries and thousands of employees dependent upon them are demanding of me and undoubtedly of other western senators that an affirmative denial of the rumors which I have referred to be obtained from the priority board. I hope that you will do me the courtesy of a reply at the earliest possible moment."

AMUSEMENTS

BUTLER THEATER.

Margaret Illington, the famous dramatic star, who will be remembered for her successes on the speaking stage in "Within the Law" and "Kindling," will appear at the Butler tonight in Basil King's famous story, "The Inner Shrine," produced by the Lasky company. The announcement that Miss Illington was to appear in photodrama caused the greatest interest in motion picture circles since the announcement that Geraldine Farrar was to appear on the screen, as Miss Illington has always been considered one of America's foremost actresses. Her first stage work which firmly established her as one of the leading stars of the country was as the wife in Henry Bernstein's drama, "The Thief." Miss Illington appeared in this over a year in New York City, and later on tour. Following "The Thief," Miss Illington appeared in Charles Kenyon's play "Kindling," with even greater success. Then she appeared in "Within the Law" and a number of other dramas. The story of "The Inner Shrine" is said to be exactly suited to Miss Illington's personality and gives her ample opportunity to display her wonderful versatility in running the gamut of emotions. The story is from a popular novel which was later prepared for the stage by the noted dramatic author, Channing Pollock, and has to do with a handsome young American girl who marries a titled but unscrupulous Frenchman. Many of the scenes are laid in France and the production abounds in beautiful settings. In addition to the feature, the Ford Educational Weekly will be shown.

Tomorrow, Taylor Holmes, in Efficiency Edgar's Courtship, a comedy drama that is guaranteed.

TEUTONS RUSHING

(Continued From Page One.)

will appoint a military governor. The British flag will fly over the city and French and Italian flags over their national property.

(By Associated Press.) Jerusalem is in the hands of the British, after having been for virtually 1,200 years in the control of the Moslems.

The Holy City of the Christian religion capitulated to General Allenby's forces, consisting of British, French and Italian troops, after it had been entirely surrounded, and with its fall seemed swept away the dream of the Germans and the Turks of driving southward through Palestine, capturing the Suez canal and invading Egypt.

Since the recent taking of the town of Jaffa, on the Mediterranean sea, and the gradual closing in on Jerusalem by the allied forces, the fall of the ancient city daily had been anticipated.

From the Baltic sea to the mouth of the Danube the armistice between the Russians and Rumanians and the Teutonic allies covers the region running from the Dnieper river to the mouth of the Danube, according to the Berlin war office. An unofficial dispatch from Jassy, the Rumanian capital, says the armistice is to continue for three months and that the Teutons have agreed to all the proposals made by the Rumanians, except that providing that troops shall not be removed to other fronts. This proposal is still under discussion.

(By Associated Press.) ROME, Dec. 11.—The war office announced today the Italians sanguinarily repulsed yesterday powerful Teuton attempts to retake Agenzia and Zullana, positions on the Lower Plate.
